EDUCATION

Texas Tech University | Lubbock, TX

May 2027

B.S. in Computer Science, Mathematics | GPA: 3.85

Relevant Courses: Data Structures, Algorithms, Databases, Object-Oriented Programming, Mathematical Computing

TECHNICAL SKILLS

Languages: C, Java, JavaScript, Python, SQL, HTML, CSS

Technologies: Git, PyTorch, React.js, REST APIs, SpringBoot

Tools: GitHub Copilot, OpenAI API, Postman, Swagger

Certifications: Amazon Junior Software Developer

PROJECTS

Covenant Dashboard | Java, JavaScript, SQL, React, Spring Boot, Rest API, Web Scraping, JWT

July 2026

- Designed and currently maintain a full-stack dashboard application and relational database to handle employees, reports, and trainings of an entire oilfield company
- Developed RESTful APIs with Spring Boot and integrated web-scraped data from external systems into a centralized dashboard to allow employees to access everything their job requires from a central hub
- Implemented secure user authentication and role-based authorization using JWT to protect employee reports and administrative features.
- Dashboard serves all current Covenant Wellsite Solutions employees allowing more hands on time in the field and less time jumping between sites logging progress of each job

MNIST and CIFAR Neural Networks | Python, PyTorch

June 2026

- Developed convolutional neural networks (CNNs) achieving 92% accuracy on MNIST and 85% accuracy on CIFAR-10 image classes.
- Implemented train, validation, and test pipelines using a 70/20/10 dataset split to create accurate trustworthy networks.

EXPERIENCE

Covenant Wellsite Solutions | Big Spring, TX

May2023 - Aug. 2023

Oilfield Completions Intern

- Led multiple teams across job sites to learn and contribute to groups such as flow back, pumping, and chemical injection
- Enhanced communication to be able to promote seamless collaboration between all groups on a pad regardless of gaps in proficiency and language barriers
- Used problem solving expertise to navigate the dangerous areas of a completions job to keep myself and everyone else on site safe and efficient

7Brew | Lubbock, TX

Dec. 2025 - Present

Shift Lead

- Lead groups of 10-15 employees daily across multiple shifts during any given week
- Serve as head of each location during shifts handling crisis, periods of extremely high customer traffic , and resolve customer conflicts

Bahama Bucks | Lubbock, TX

Mar 2025 - Present

Shift Lead

- Serve as the backbone of day to day activities within the storefront, managing other employees, catering orders, and off-location events

- Chosen to further managerial experience with classes at the corporate location to enhance leadership abilities such as communication, time management, and conflict resolution.
